

Workshop Title: Basel II - Myths, Challenges and Question Marks

Designed as a senior management retreat on Basel II, this limited seating, one day workshop serves as a 6 hour crash course on Basel II for Chief Executives, Chief Financial Officers, Country Risk Officers, Credit Administration Group Heads, Treasury Heads, Basel II Coordinators and Management and Board Risk Committee members.

By the end of the workshop participants would be able to answer questions on:

1. What are Basel II implications for capital allocation, profitability measurement and balance sheet growth?
2. Where do Risk adjusted return on capital, Basel II and product selection decisions converge?
3. Do transfer pricing and gap management mechanisms at your institution need an overhaul?
4. How can effective capital and risk management create a sustainable competitive advantage?
